### PROFESSIONAL SUMMARY

---

Digital Designer and Front-End Developer with experience combining design and development to create clear, consistent, and functional digital experiences. I enjoy working across the creative process, from researching and defining visual directions to designing interfaces and implementation, transforming ideas into concrete solutions. Skilled in Figma, Adobe Suite, React, TypeScript, JavaScript, HTML, and CSS, with additional experience in Node.js, Prisma ORM, and SQLite.

### PROFESSIONAL EXPERIENCE

---

#### Technology Resident

Bolsa Futuro Digital Program, MCTI | April 2026 – June 2026

- Contributed to the development of the Brotai digital platform, a project of the Niterói City Government, participating in requirements gathering, information organization, data modeling, and solution implementation.
- Created prototypes and responsive interfaces, applying UX/UI design principles, information architecture, and visual organization.
- Implemented front-end features using React, TypeScript, HTML, and CSS, while supporting back-end development with Node.js, Prisma ORM, and SQLite.
- Participated in testing, validation, and continuous improvements to the product and user experience.

#### Digital Designer

Freelance | July 2023 – Present

- Design websites, digital interfaces, visual identities, and communication materials for clients across different industries, working from initial requirements and concept development through to final delivery.
- Design wireframes, prototypes, and responsive layouts, applying UX/UI design principles with a focus on usability, accessibility, visual clarity, and consistency.
- Manage timelines, project requirements, revisions, and client relationships, ensuring alignment between needs, objectives, and deliverables.
